

# Prophoto

**Prophoto Inc.** is a full service custom photographic laboratory servicing everyone with a need for exceptional quality photographic services.

The members of our staff are all skilled technicians with over 60 years of combined experience who care about your photography and want to give you an excellent product and the service you deserve. You can expect individual attention from whomever you speak with. We realize that personal service and quality are the keys to a successful, lasting partnership with our clients. Our size allows us a level of personal service unattainable from larger labs. We encourage you to discuss your needs with any of our staff.

Our customers include Professional and Advanced Amateur Photographers, Advertising Agencies, Universities, Doctors, Hospitals, Architects, and the General Public.

We take pride in our customer service, our technical expertise and our quality results.

Our services include C-41 and black & white. We use dip and dunk film processing which can be modified to your specification. We also provide professional hand enlarged prints, both Color and Black & White. Also economy Color and Black & White package, Promotional, and reprints. We offer copy negatives.

We offer a full line of digital services including high quality prints direct from your files, slides and negatives. Wallet size to 8x12 at economy prices.

Also large format prints of exceptional quality from files, slides and negatives.

We scan from transparencies, negatives or photos saved to media of your choice or printed direct to our digital printer.

Since 1979 we have dedicated ourselves to providing friendly, high quality service. So whether you have one roll of film or a major project consider us for all your photographic processing. It is our policy to listen to our customers and help with their needs.

## PRINTS FROM YOUR FILE

1. The digital files needs to be formatted to the size print you're ordering. Save files as JPEG or TIFF and please leave the extension on the end of file - photo.tif, photo.jpg.
2. All TIFF files must be saved uncompressed.
3. All files must be RGB not CMYK.
4. A conversion charge of \$ 10.00 may be applied to the order if files are not formatted correctly.
5. If we discover a problem with your files we will attempt to contact you as soon as possible, but we cannot be responsible for delays due to problem files. It is possible that we will not open your files until the day they are due.
